**Introduction**

The Charitable Organization Annual Financial Report (Form #308) is designed to provide a complete and full financial reporting of the organization's charitable and non-charitable activities in sufficient detail to permit public evaluation of its operations. Form #308 and the instructions for completing the form have been patterned after Internal Revenue Service Form #990. When in doubt about certain complex or technical issues, you may want to follow the more extensive guidelines provided by the IRS for completing Form #990.

**Accounting Period**

The Charitable Organization Annual Report (Form #308) should cover the organization's established 12-month accounting period and should reconcile with the previously submitted annual report.

**Bookkeeping Basis**

The basis for recording the organization's financial activities should be consistent over the years; that is, cash, accrual or some other modified method.

**Omit Cents**

You may round off cents to the nearest dollar.

**LINE-BY-LINE INSTRUCTIONS FOR ANNUAL REPORT FORM**

**Section A: Information About Organization**

Print or type the information requested in the spaces provided for items 1 – 17 of the annual report form.

**Section B: Financial Information**

The following are line-by-line instructions for the financial statements that are found on pages 4-6 of the annual report. Please read the instructions as you are completing the financial statements.

**1a Direct Public Support.** Enter the total contributions, gifts, grants (excluding governmental grants), and bequests received **directly from the public**.

**NOTE:** On line 1a include payments, or the part of any payment, for which the donor does not receive full consideration from your organization. When you get to line 10, you will report income from special fundraising events and activities such as dinners, door-to-door sales of merchandise, carnivals, and bingo/raffle games. However, when the buyer pays more for such goods or services than their value, report the excess on line 1a as a **contribution** representing direct public support.

**Contributions** on line 1a also include grants that are equivalent to contributions. Such grants are normally made to encourage the grantee organization to carry on programs or activities that further its exempt purposes. The grantor may specify for which of recipient's activities the grant may be used. A grant is still equivalent to a contribution if the grantee performs a service or produces a work product that benefits the grantor incidentally. However, a grant is a payment for services, and not a contribution, if the grant requires the grant recipient to provide that grantor with a specific service, facility, or product rather than to give a direct benefit primarily to the general public or to that part of the public served by the organization.

To report **contributions** received in a form **other than cash**, use the market value as of the date of the contribution. When market value cannot be readily determined, use an appraised or estimated value.

**1b Indirect public support.** Enter the total contributions received **indirectly** from the public through solicitation campaigns conducted by federated fundraising agencies (such as the United Way) or affiliate organizations.

- 1c** Enter the **total** of amounts reported on lines 1a and 1b.
- 2 Government grants.** Enter the total of all government grants.
- 3** All **program service revenues** must be included, such as fees for services, admissions, tuition and registration fees.
- 4** Enter membership and affiliate **dues and assessments**, excluding any amounts which exceed reasonable membership benefits and are regarded as contributions which should be included on line 1a.
- 5** Enter **interest** income on savings and temporary cash **investments**. Dividends or earnings from mutual savings banks, etc., are interest and should be entered here.
- 6** Enter **dividends** and interest from debt and equity **securities** (stocks and bonds) of the type reportable on line 46, including amounts received from payments on securities loans; but not capital gains dividends reportable on line 9c.
- 7a** Enter **gross rental income** for the year from investment property reportable on line 47.
- 7b** Enter your rental expenses paid or incurred for the income reported on line 7a. Include depreciation if it is recorded in the organization's books and records.
- 7c** Subtract line 7b from line 7a. Show any loss in parentheses.
- 8 Other investment income.** Enter the amount of investment income not reportable on lines 5 through 7 and describe the type of income in the space provided or in an attachment. The income should be the gross amount derived from investments reportable on line 48. Do not include income from program-related investments, nor unrealized gains and losses on investments carried at market value.
- 9 Capital gains.** Attach a schedule listing the sale or exchange of securities or other assets that are not inventory items. List: (a) date acquired, how acquired (b) date sold and to whom, (c) gross sales price, (d) cost, other basis, or if donated, value at time acquired (state which); (e) expense of sale and cost of improvements made after acquired, and (f) if depreciable property, depreciation since acquired.

- 10a** Enter gross revenue, not including contributions reported on line 1a, for **special fundraising events** and activities (such as dinners, dances, carnivals, raffles, bingo games, and door-to-door sales of merchandise). Be sure to attach a complete schedule. An activity which generates only contributions, such as a solicitation campaign by mail, is not a special fundraising event and should not be reported on this line.

**Purpose:** Charitable organizations that are registered, or are required to be registered, with the Department of Financial Institutions – Division of Corporate and Consumer Services (“division”) must file an annual financial report with the division within 12 months after the organization’s fiscal year-end unless the organization qualifies for an exemption from the annual filing requirement.

An organization can file its annual report on Form #308 or on Form #1952. Form #1952 (the Wisconsin Supplement to Financial Report), is a shorter, more commonly used, version of this form. An organization can opt to submit Form #1952 instead of this form; however, Form #1952 must be accompanied by the organization’s IRS 990, 990EZ, or 990-PF.

Please note that an organization may not have to file a Form #308 or a Form #1952 if:

- it received \$25,000 or less in contributions during its most recently completed fiscal year, or
- it operates solely in the county in which its principal office is located and received less than \$50,000 in contributions during its most recently completed fiscal year.

If an organization’s contributions fall into either of the above categories, an Affidavit in Lieu of Annual Financial Report (Form #1943) should be submitted instead of Form #308 or Form #1952.
